INNOVATION GARAGE OF GARAGES

NEWSLETTER N.6—MAY 2023

Multiplier Event in Utrecht

“On the Move” was the title of the Event organized by **ROC MIDDEN** in Nieuwegein, Nederland, to discuss the changes of **road mobility** and transportation as well as their **effects on education and training**. **Electrification** and need for **new vocational qualifications**: what does this demand of our **education system**? And of our **guidance** to make sure young graduates have a smooth entry to the **job market**?

Target Groups

- ◆ VET Teachers & Trainers
- ◆ VET learners, in particular those with less opportunities
- ◆ Automotive Technicians skilled about e-vehicles & avionics circuits
- ◆ Dual Learning & Apprenticeship Managers

Multiplier Event @Maranello, Modena

The conference, hosted at the **City Council Hall** in Maranello in Modena, was attended by about 30 **VET teachers & students** from the surrounding area in the Emilia Region, interested in **electric mobility** issues. Students from Ferrari VET school described their training experience about the configuration and calibra-

tion of **assisted and automous drive systems** in cars. The event was also attended by **Luigi Zironi**, the **Mayor of Maranello City**, committed to sustainable innovation in the Automotive sector and hosting the **Ferrari factory** since last century, and by **Luca Busani**, Assessor to Youth Policies from the Fiorano **Modenese City Council**, interested in developing **electric bus fleets** for people mobility.

Final Conference in Parma on May 24th

The Final Conference of the “**Innovation Garage of Garages**” Project will take place at the Conference Hall of **Unione Parmense degli Industriali** in Parma, discussing **training perspectives** about **electrical mobility** and the future challenges coming from the **green automotive transition** that all Europe will undergo in the upcoming years. For more information please contact EU Project Manager Serena Gerboni at gerboni@cisita.parma.it
